

BUNKER RAKE SP05

A CUT ABOVE PERFECTION

BARONESS

ADAPT TO ALL KINDS OF BUNKER CONDITIONS.

The Baroness SP05 Bunker Rake is designed to adapt to all kinds of bunker conditions with power steering, switchable 2WD/3WD, low center of gravity and free-floating adjustable rake and finishing brush.

SP05A Features:

- Special rake design enables flexible rake movement.
- High-speed transport; can travel around course quickly.
- Power steering allows for shorter turning radius, also reducing operator fatigue.
- Low-vibration and low-noise.
- Front and rear covers open fully, for easy accessibility and maintenance.
- The foot brake increases safety.
- Optional front blade, sand cultivator, finishing brush and cargo box.
- Hydrostatic drive.
- Electro-hydraulic rake lift.
- Power steering with tilt steering wheel feature.

The brush option finishes the bunker surface beautifully.

The front blade option smooths and evens the bunker.

The cultivator option breaks up and softens coarse sand.

FRONT

REAR

The headlight options are mounted on the front and rear. Lights are useful for an early morning operation and the option of a cargo box allows the operator to carry a cooler, walkie-talkie and other necessary tools.
